What our participants say

Let the training and knowledge impartation continue...

Broad understanding of the standard, the team can provide additional support and advice as we begin the implementation journey...

Gave good first hand examples to applying the course material

Combination of actuarial with IFRS. Quite insightful.

The course was really good; looking forward to more engagements as we transition to the new standards

It was very informative and eye opening. The delivery was also very practical and well structured.

Early registration and group discounts apply
